3. Practising on course: When practising on course, the maximum use of two golf balls only is permitted at any one time.
4. All players **MUST** report to Pro Shop before commencing any round of golf.
5. The putter head is not to be used to retrieve a ball from the hole.
6. It is the imperative duty (and it should be made a matter of pride) for all to see that divots are covered with sand and that the footprints in bunkers are made smooth and repair two pitch marks on each green played.
7. Motorised Golf Buggies/Carts are to be kept at least **10 meters clear of any green.**
8. Bunker rakes should be placed in the **middle of bunkers**, lying in direction of play.
9. Players searching for a lost ball should promptly call the following players through, and having done this, should stand aside until these players have passed and are out of range.
You **ONLY** have three (3) minutes to look for your ball. Under Golf Rule 18.2, the time for a ball search.

Where a group has not lost a clear hole, but it is apparent that the group behind can play faster, it should invite the faster moving group to play through.

Be Ready to Play: Players should be ready to play as soon as it is their turn to play. When playing on or near the putting green, they should leave their bags or carts in such a position as will enable quick movement off the green and towards the next tee. When the play of a hole has been completed, players should immediately leave the putting green.

Lost Ball: If a player believes his ball may be lost outside a water hazard or is out of bounds, to save time, he should play a provisional ball. Players searching for a ball should signal the players in the group behind them to play through as soon as it becomes apparent that the ball will not easily be found. They should not search for three (3) minutes before doing so. Having allowed the group behind to play through, they should not continue play until that group has passed and is out of range.
